PROJECT INSIGHTS

Objective & Scope

1. What was the objective of the project you did with Webnexus?

The objective of partnering with Webnexus was to develop an OpenSource e-commerce store based on Prestashop platform. The e-commerce online store developed by them sells watches, telephones, tablets, and beauty & wellness products. We worked together with Webnexus to utilize their expertise in e-commerce.

2. What is the scope of the project? What all did Webnexus do for you?

We already had a previous version of the e-commerce store which we wanted to customize and change some designs. The development of the new version was done by Webnexus.

Duration

3. What was the estimated timeframe committed for the completion of the project?

We started this project in December 2016 and the estimated time to complete the project was one month.

4. How much time did it actually take for completing the task?

They developed the project by the end of January 2017. They developed the project very quickly without causing any delay.

Budget

5. Please provide an approximate figure (in \$) for the work done?

I would like to keep it confidential.

6. Did they exceed the committed price point and why?

No, their pricing was reasonable and also they did not overcharge us compared to the price decided before going ahead with the project.
